## REALTORS AIR SCHOOL VIEWS

Outline Position in Open Letter to Board of Education Following Levy Defeat.

The Marion Real Estate board, at a meeting last night, authorized the preparation of a letter to the Marion city school board outlining its views on city school financing. The letter is intended for consideration by the school board at a public meeting next Tuesday night to study school financing problems resulting from the recent defeat of a proposed two-mill school levy.

The Real Estate board, which had opposed the levy in the August primary campaign, had been especially invited by the school board to present its views on city school financing at next Tuesday's meeting, and the letter is intended to serve that purpose.

The realtors pointed out that special school levy proposals had been defeated twice in less than a year and expressed the opinion that the school board, as a result, had a mandate from the voters to carry on for the duration with existing sources of revenue and to shelve any further proposals.

## Fortress Raid On Nazi Plane Plant Cripples Output

U. S. EIGHTH AIR FORCE HEADQUARTERS IN ENGLAND, Aug. 25 — Thirty per cent of the Nazi fighter production was destroyed in the American Flying Fortress raid on the Regensburg Messerschmitt plant Aug. 17.

Maj. Gen. Harold L. George, air transport command chief, told a press conference today. He predicted that if the tempo of the present operations can be increased, Germany's economic structure will fall by year's end.

Gen. George, who has been inspecting Eighth Air Force operations, said that such a collapse did not necessarily mean that Germany would be forced out of the war at that time, but explained that the economic structure "won't be able to function in a degree necessary to support the war."

"I feel that if the round-the-clock operations now being carried out (by the USAAF and RAF) can be continued with a reasonable increase in tempo the economic structure of Germany is going to fail by the end of the year," he declared.

The Regensburg raid and its twin assault on the Schweinfurt ball-bearing factory by another group the same day "must have struck terror in the Nazi air force and Nazi high command," he continued.

## New Developments Awaited in Detroit German Spy Plot

(Pictures on Page 7)

DETROIT, Aug. 25 — Detroit prepared today for expected new revelations from an alleged spy plot hatched against this and other American munitions centers but which back-fired on its perpetrators in Nazi Germany.

Four women, among them two identified in federal bureau of investigation records as courtesans, and a man were held here by the FBI while a second man, a member of the American Merchant Marine, remained in FBI custody in New York.

Two of the women, both arrested as "dangerous enemy aliens," were not identified by the FBI. Authoritative sources, however, said one was a member of a prominent Detroit family.

The FBI said the man born in Berlin, held the title of countess and had lived here several years.

The other countess, who traces her lineage to French nobility, is beautiful Grace Buchanan-Liencres, 34-year-old cosmopolitan with a wide social acquaintance.

She was held in \$50,000 bond on a charge of giving war information to Germany.

It was she, the FBI said, who, when discovered in her activities, cooperated with the federal authorities to the end that the German espionage got only the information which this government "desired."

FBI Chief J. Edgar Hoover said Army and Navy intelligence scrutinized all her transmissions.

The wife of Dr. Fred William Thomas, 44, Detroit obstetrician who was similarly charged, told reporters she was "stunned."

Pointing out that she and her husband were born in the United States, Mrs. Thomas said "I refuse to believe that there is a word of truth in these charges against him."

Dr. Thomas pleaded innocent. Miss Buchanan-Liencres and Mrs. Theresa Wussertauer Behrens, 44, born in Yugoslavia of German parents, stood mute and innocent pleas were entered for them.

U. S. Commissioner J. Stanley Hurd ordered all held in \$50,000 bond for examination next month.

The fourth defendant, Seamus Bertrand Stuart Hoffman, 27, was in FBI custody in New York.

The Moscow — said the Nazis, exhausted by the battle for Kharkov, were rushing troops into the line but that despite this the Red army advanced into south and west of the city, killing 2,000 Germans and disabling 25 tanks in snail night.

## Old Type B and C Cards To Expire

Motorists with "B" and "C" ration cards were warned today by Robert F. Boda, district rationing officer, at Columbus, to make sure that they have the new type "B" and "C" coupons inasmuch as all old type "B" and "C" coupons will become invalid on Sept. 1. "New type" "B" and "C" coupons carry only the words "Mileage Ration" plus a large letter "B" or a letter "C" which distinguishes them from the old coupons which were labeled "Permits Delivery of one Unit of Gasoline." The "B" coupons, as in the past, are printed in green ink and "C" coupons in red ink. "The purpose in invalidating all

outstanding old type "B" and "C" coupons is to better the gasoline rationing program by preventing useless stockpiling and hoarding of coupons of the old type now circulating in the black market," Mr. Boda stated.

"Our owners can exchange valid old type coupons by applying to their local War Price and Rationing Board and there about as this morning," Mr. Boda said, as gasoline dealers hurriedly turned in the gasoline ration coupons. An outstanding 1943 edition bulk rationing coupon of which was also mentioned in the 1943 will also be made invalid on September 1, Mr. Boda stated.

**"Now I Know How to Buy Children's Shoes!"**

No more guesswork for me. When you follow the same easy rules, the shoes you buy for your boys and girls will give them a firm foundation for lasting fit and foot comfort.

**HERE ARE 3 SIMPLE RULES**

1. Never judge children's shoes by outward appearance alone. It's the hidden materials and inner construction that determine whether shoes keep their shape.
2. Insist on Buddee Fit. Surely inside construction prevents growing feet, keeps pliable, growing foot bones straight... make shoes wear longer.
3. Buy a brand you can trust... like Poll-Parrot and know you're getting honest craftsmanship and rugged materials, inside and out.

4. Age-appropriate Arch
5. Elastic-Trimming Top Line
6. Long, Point-shaped Heels
7. Straight-traced Lasts

**AMERICANS ARE STILL THE BEST NOURISHED PEOPLE ON EARTH—and there's a Reason**

Our food may be stretched out these days to share with the peoples of the United Nations, but thanks to new scientific developments in animal feeding, our feathered and four-legged armies are being greatly improved in quality and propagation.

To tiny yeast cells goes much of the credit, because brewer's yeast is the source of the vitamins used to fortify feed mixtures. Now, when you eat meat raised on vitamin-fortified feeds, you're getting nutrition plus.

Anheuser-Busch is America's biggest supplier of yeast vitamins for cattle and poultry feeds. Our large-scale production of natural vitamins is another achievement that resulted from years of research and laboratory work in producing the world's most popular beer.

**Budweiser**

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch produces materials which go into the manufacture of B Complex Vitamins • Rubber • Aluminum • Munitions • Medicines • Hospital Diets • Baby Foods • Bread and other Bakery Products • Batteries • Paper • Soap and Textiles—to name a few.

# Delaware Co. Woman Killed, Grandson Hurt

Special to The Star

DELAWARE, Aug. 25—Mrs.  
Bertha Goodman, 55, was killed  
when struck by a loaded milk  
truck as she walked across the  
road at her home in nearby War-  
rentonburg at 11:15 a. m. yester-  
day. A grandson, Marvin, 10, of  
Delaware was injured.

Sheriff M. F. Finney said the  
truck was driven by Clarence  
Stephens, 18, of Maryland and was  
owned by Emanuel Rosen of Mary-  
land.

Mrs. Goodman, caring for the  
child, had crossed the street, took  
the child by the hand and started  
back when the mishap occurred.  
Stephens told authorities he saw  
them, slowed his truck to allow  
them time to cross but was un-  
able to avoid the accident when  
Mrs. Goodman suddenly started  
to retreat her steps.

# WLB ORDER DEFIED IN AIRCRAFT STRIKE

By The Associated Press  
JOHNSVILLE, Pa., Aug. 25—A  
war labor board (WLB) order to  
end their two-day-old strike im-  
mediately and unconditionally re-  
mained unheeded today by work-  
ers at the Brewster Aero-  
nautical Corp.'s Johnstown plant,  
despite a WLB threat to take "all  
steps within its authority" to  
force compliance.

Repeating their demand for the  
release of four plant guards whose  
arrest by the Navy precipitated the  
walkout, officers of CIO  
United Automobile Workers Air-  
craft Local 365 also insisted on  
withdrawal of 200 Coast Guards-  
men from the plant before they  
would offer to negotiate with the  
company.

# Wounded Youth Dies Saying Death Pleasant

By The Associated Press  
AKRON, O., Aug. 25—Mutter-  
ing "death is a pleasant thing,"  
a 17-year-old reform school  
parolee died early today in the  
arms of a policeman who shot the  
youth as he fled from the officer.  
Patrolman Griffith Greenert  
assigned to a police cruiser, said  
the youth identified himself as  
John W. Raff of Beech City, Stark  
county. Police records  
showed he had served one year  
in the Lancaster boys' indus-  
trial school for stealing an auto-  
mobile, the patrolman reported.

Greenert said he was cruising  
near a gasoline station when he  
noticed Raff attempting to break  
into the establishment. The youth  
started to run and the patrolman  
fired a shot at him, wound-  
ing him in the hip and abdomen.

# Allied Leaders Good at Keeping Their War Secrets

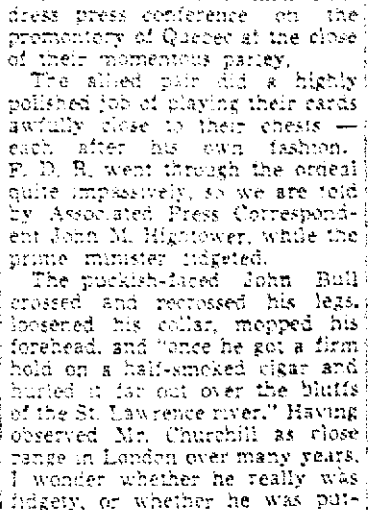

BY DEWITT MACKENZIE  
This columnist once consulted  
the diplomatic circle at the sum-  
mering case of Mount Panayus  
in Greece, and came away with  
more concrete information than  
was disclosed by Messrs. Roose-  
velt and Churchill in their full-  
length press conference on the  
promoter of Quebec at the close  
of their momentous parley.

The allied pair did a highly  
polished job of playing their cards  
awfully close to their chests—  
each after his own fashion.  
F. D. R. went through the ordeal  
quite impressively, so we are told  
by Associated Press Correspondent  
John M. Hightower, while the  
prime minister fidgeted.

The pushy-faced John Bull  
crossed and recrossed his legs,  
fidgeted his collar, mopped his  
forehead, and "once he got a firm  
hold on a half-smoked cigar and  
hurled it far out over the bluffs  
of the St. Lawrence river." Having  
observed Mr. Churchill as close  
range in London over many years,  
I wonder whether he really was  
fidgety, or whether he was put-  
ting on one of his little shows  
for the boys. I have a suspic-  
ious mind.

Silence Is All Right  
Both men made smooth speech-  
es, but neither disclosed much.  
However, taking aside, we didn't  
want them to do a lot of talking  
for the benefit of the enemy.

against any nation threatening to  
breach the peace."

Third: "A permanent defensive  
alliance between the United States  
and Great Britain" which "shall  
provide that the two great democ-  
racies, the two great English-  
speaking nations, shall act as one  
in case of attack upon either by  
any nation or combination of na-  
tions... permanent and openly de-  
clared to the world."

Fourth: "A concord, an entente  
among the nations of North Amer-  
ica and the nations of South  
America—between Canada, the  
United States on the north and  
our sister republics of the south-  
ern continent... both military and  
economic... a policy of American  
solidarity against any non-Amer-  
ican nation threatening the ter-  
ritorial rights of an American na-  
tion, large or small."

Fifth: "As our fifth and final  
zone of safety we must possess, by  
friendly negotiation if we may, by  
occupation if we must, those  
points, those islands, those bases  
which will perfect the fortifica-  
tion of the United States... what  
we acquire we must fortify. We  
must create naval bases, flying  
fields; fortresses imposing in  
strength. Not to be held as threats  
against the peace of any nation,  
but as guarantees of the peace of  
our own nation."

In presenting the fifth zone,  
Kelland said:  
"Even the most rabid global  
thinker can not charge isolation-  
ism or improper nationalism if at  
last, in fifth place, I bring up the  
safety and security of our own  
country—our safety and security  
individually; if, finally, I desire  
as a citizen of the United States  
to take some selfish thought as to  
our own people, our own broad  
lands and lakes and rivers and  
mountains. If I suggest a fifth  
zone of safety it is as insurance of  
our own house against fire."

# CROONER SINATRA SUE LOS ANGELES, Aug. 25—Set- tlement today of a \$17,000 attach- ment against earnings of crooner Frank Sinatra is expected, says N. Joseph Ross, attorney for Leonard K. Vannerson, who claims a 10 per cent share in the singer's income. Vannerson is manager of Tommy Dorsey's band, with which Sinatra for- merly was a vocalist. Dorsey recently owns a 33 1-3 interest in the crooner, which has no con- nection with Vannerson's 10 per cent.

# AWARD TO MARION FLIER ANNOUNCED

The war department in Wash-  
ington today formally announced  
the award of the Distinguished  
Flying Cross to Marion Phillips of  
the 48th Central Postal Directory  
in aerial warfare in the  
Dorian campaign and during  
fighter and bomber missions over  
Italy. He was one of 11 Chinese an-  
nounced today as having received  
the honor. The act was signed  
by Robert T. Cohen of Wash-  
ington.

# MRS. LONG

(Continued from Page 1)  
"ever since I have known her—  
eight years" and that it had been  
a source of disagreement between  
the pair because Phillips quoted  
Long as saying:  
"I always objected to her using  
them because they made her de-  
pressed the following day."  
After they had again talked  
about sleeping tablets, Long told  
Phillips he warned his wife, say-  
ing:  
"If you take any more of those  
sleeping tablets, I'm going to  
leave."

Then Mrs. Long replied, accord-  
ing to her husband's report to the  
police:  
"Well, I'll leave, too."  
With that, Long related to  
Phillips, she ran and jumped  
through the window.

Police reported that the hotel  
room was in considerable disar-  
rangement. Clothing was scattered  
about the floor and her purse was  
on a dresser. A daily racing form  
lay on the unmade bed.

Police said Long telephoned his  
attorney and close friend, Charles  
S. Druggan, immediately after his  
wife fled and Druggan accom-  
panied him to police headquar-  
ters, where Long talked to Phil-  
lips.

Spent Night at Delaware  
Reached at his home last night,  
Attorney Druggan said Long had  
been treated by physicians for  
shock and that after Long had  
spent the night at Delaware the  
two would confer today with Dr.  
Smith.

Coroner Smith said he planned  
to perform no autopsy.  
Druggan said his friend and the  
former Eleanor White were mar-  
ried three years ago and that she  
had worked for Long as his sec-  
retary five years previous to  
their marriage. The couple had  
no children, but Long has a son  
by a previous marriage.

Mr. and Mrs. Long registered  
at the Nell House at 5 p. m. Mon-  
day to prepare for the coming  
fall meeting at Beulah Park. Mrs.  
Long's horses had participated  
in a show at Cleveland Sunday.  
Mrs. Long's body was taken to  
the Schoedinger funeral home.  
She was the only daughter of Mr.  
and Mrs. A. L. White of Colum-  
bus.

Mrs. Long had exhibited her  
gaited saddle horses throughout  
Ohio and in several national horse  
shows. Mrs. Long assisted her  
husband in managing the horse  
show at the Delaware county fair.

Expect Additional Horsemen  
In addition to a large Little  
Grand Circuit representation a  
number of horsemen whose stock  
wasn't ready for the earlier meet-  
ing are expected to bring their  
prize trotters and pacers to the  
half-mile fairground oval. There  
will be state-supervised particu-  
lar betting windows as on former  
occasions and the Eye-in-the-Sky  
photo finish camera, which made  
its debut at the Little Grand Cir-  
cuit program this year, will again  
be in operation.

# JAP PLANE LOSSES WORRYING HIROHITO

By The Associated Press  
Japanese imperial headquarters  
announced today a loss of broad-  
cast frequency by The Associated  
Press that the American offensive  
was continuing around New Guinea  
island in the Solomons was con-  
firming on a scale of considerable  
magnitude although it in-  
sisted attacks were being re-  
pelled with heavy casualties.

The enemy offensive can not  
be halted, declared the an-  
nouncement.  
The Tokyo radio, declaring that  
Japan's Hirohito is deeply con-  
cerned over Japanese war pro-  
duction, appealed to the Japanese  
people to "use the mind of the  
emperor at ease" by exerting new  
efforts to boost production, the of-  
fice of war information reported.

Attackers from the New  
Guinea coast in Japanese in-  
fantry and a last stand at Boucoo and  
from New Guinea mountain  
ridges on other Japanese in a last  
stand at Salamaua, accept the  
fact the offensive remains firmly  
in allied hands. Allied troops  
have the Salamaua airstrip al-  
most within their grasp.

By The Associated Press  
JACKSON, Miss., Aug. 25—  
Thomas L. Bailey, 53, of Meridian,  
who served 24 years in the state

have defeated former Gov. Martin  
Sennett (Major) Canner for the  
governorship of Mississippi.

With less than 200 precincts  
counting from yesterday's Demo-  
cratic runoff primary, Bailey held  
a 11,000-vote lead on the basis of  
unofficial returns.

Returns from 1,500 of the 1,891  
precincts gave Bailey 112,064

## Pitfalls of Love

By ADELE GARRISON

"I WILL let you know as soon as I drag the information from the guy," Milner said as he bowed himself out and the door indicated that he would resort to medical tactics if necessary.

"Please telephone your findings to me," Katharine said in a tone that meant "Do not dare to come back here." Then she added with a firm look at me: "I am putting Mrs. Graham to bed for a couple of hours. She has an appointment with a publisher this afternoon, and she does not wish to miss it."

"Of course I will telephone," Milner said cheerily. "I would not think of leaving Mrs. Graham to see me when I go."

**Madge Gets Up**

He went away upon the word, and he came at the door closed behind him, and Katharine had put up the night chain, I swung my feet to the floor and got up from the bed.

"What do you make of it?" I asked excitedly.

"The same conclusion that I think you have reached yourself," she said. "He put on a very good act, as did the boy, Edwards was simply playing himself, a stolid house detective, not too generally understood with gray matter."

"That's what I think," I said, "but I'm glad you agree with me. It will help to convince Father and Dicky."

"I don't think they'll need much convincing," she said dryly. "I'll call them in and let them in on it."

She was at the bedroom door as she finished, and in another few seconds my father and my husband were back in the sitting room with us.

**Wants to Change**

"I would like to get into street clothes again before I talk," I said. "I won't be long."

"We'll wait," my father said. Katharine followed me into the bedroom and played the role of an expert personal maid to such good effect that it was less than five minutes when I came back into the sitting room.

"You're a real trouper," Dicky said, and I swept him a bow.

"Now let's hear what Milner wanted," my father said, and when I had finished telling him of the manager's call, he pressed the tips of his fingers tightly together, then releasing them, spread his hands apart with a quick familiar gesture.

**Asks Dicky's Opinion**

"What do you think, Richard?" he asked.

"That he put on a good act," Dicky replied.

"Exactly," my father said. Then he turned to Katharine and me.

"I gather from the way you told the story, Margaret, that you agree with us."

"Absolutely," I told him. "He simply wanted to know whether or not I really was here and had been here all the forenoon, and he had to build up an elaborate reason for wishing to see me."

"This is your opinion, also, Katharine?"

"Yes, it is," she replied.

"One thing more," my father said, "but the most important of all. Do you think the little play

A DAY to grasp the beautiful gifts of luck and good fortune. In a moderate and happy degree, with the prospect of casting in on the abilities and finer creative talents, possibly in the field of art, music, literature, drama and the dance. It is a precious time for seeking promotion and security in these, although it is likewise desirable to safeguard or increase the financial or standing of credit. All are under moderately fine stimuli for favors, advancement and growth, with enhanced popularity and prestige.
